	VI. Minimum of professional elective credits: 27 credits																																																					

Department of Business Administration Graduation Requirements **for Students Enrolled after 2022**

VII. Other Regulations:

1. A maximum of 17 extra credits from other colleges/departments can be recognized.
2. Students who take the course of Calculus(I) from other departments (Requirement, 3 credits) can transfer the credits of Required professional course of Calculus(I) (Requirement, 3 credits) in our department.
3. Courses from other department which has same name and credits as the professional elective courses in our department can be recognized as professional elective credits and graduation credits in our department.

VIII. Minor Degree: If a student intends to study for a minor degree, he/she will need to take 20 (or more) credits in addition to the department's minimum credits required for graduation. For more details, please see the bulletin of Curriculum Division website.

IX. Double Major: If a student intends to study for a double major degree, his/her academic performance of last semester has to be in 10% of the class. Double major students not only have to fulfill all college requirements credit, they must also take at least 12 credits of professional requirements credit of our department in order to be granted a double major degree.

The professional required and elective courses with same name or similar character from students' original department can't be counted as the credits of double-major in our department. Students should take the professional elective courses from our department course plan.

X. Cross-Disciplinary Program and Secondary Expertise:

The department offers this program for the applicants from the bachelor's program or the continuing education bachelor's program. Applicants must be ranked within the top 10% of their class in the previous semester. Students whose compulsory courses and credits are the same as the ones offered by the departments (degree programs) providing secondary expertise module courses, they shall take other elective courses that are related to their secondary expertise by the departments (degree programs) or colleges providing secondary expertise module courses.

XI. Students who are graduated from the study period of the senior high school less than 6 years will be required to take at least 12 extra credits in their graduation requirements.
